

Are you the **rock** we're looking for?

IT Manager Business Applications

Elke dag gaan wij bij Rock Recruitment op zoek naar de juiste kandidaat voor onze klanten. Dat doen we sinds 2018. Vorig jaar haalden we daarbij een succesratio van maar liefst 83%, een buitengewoon resultaat voor onze sector. Dat dat niet onopgemerkt blijft, merken we aan het groeiende aantal klanten waarvoor we blijvend rekruteren. We gaan voor onze klanten stevast op zoek naar de perfect match. Of om het met onze slogan te zeggen: **We dig deep to unearth the best talent!**

DE JOB

- You manage the **business applications portfolio** of the **worldwide group** for **CRM, ERP, PLM, CAD, MES, WMS & BI solutions**.
- You will **guide** and **coach** the application team, consisting of project managers, project engineers and support engineers.
- Under your **leadership** the team has a focus on end-to-end digitalization and delivers integrated solutions.
- You will **organize** the **day-to-day operations** of the team, which include both **project** and **support activities**.
- You will manage the **relationship** with **external contractors** and **suppliers** of those IT solutions.
- You will **guide** the companies and departments within the group in order to make the best choices to support their processes.
- You will **work closely** with the **CIO** and **local management** of the companies in the group.

WIE WIJ ZOEKEN

- You have a **master degree**.
- You have **experience** in managing **complex projects** in a similar role.
- You **understand** the **business processes** related to manufacturing and supply chain.
- You have the **communication skills** to make the link between business and IT.
- You have a high sense of **customer service excellence** and **team play**.
- You have experience in **managing IT cost** and **investments budgets**.
- You have **international experience** and are **willing to travel**.
- You have a **good command English**. **Dutch** is a **plus**.

WAT WIJ BIEDEN

- We offer a job in an **international environment** with the impact of a large company and the dynamics and flexibility of a **family-owned company**.
- You **cooperate** closely with other **international IT departments**.
- You **manage** the execution of several **applications**, for which initiative and new insights are highly valued.
- You get the opportunity to excel in your job thanks to a **well-coached training period** completed with extensive internal & external training possibilities.
- We offer a **motivating salary package** according to your function and profile. You have the opportunity to participate in a **flexible benefits plan**, in which you can choose a package of fringe benefits (such as company car with fuel card).
- Finally, you have **flexible working hours** and a **family-friendly leave arrangement** with 38 days of leave.

WIE WIJ ZIJN

Our customer is a **market leader** in **developing, manufacturing** and **installing high-tech innovative weaving machines**.
